Projects

Hybrid Forecasting Model for Supply Chain KPIs

Sept 2024 – Nov 2024

- Developed a hybrid model combining logistic regression and neural networks to enhance forecast accuracy and inventory planning.
- Analyzed historical data to identify trends impacting key KPIs, enabling data-driven decision-making.
- Applied feature engineering and hyperparameter tuning, achieving an [X]% improvement in forecast accuracy (insert actual value).
- Contributed to cost savings and improved operational efficiency through actionable insights.

Machine Learning Modeling of Superconducting Critical Temperature

Feb 2024 – Mar 2024

- Built and evaluated ML models (Linear Regression, SVM, Lasso, Ridge, KNN) to predict superconductors' critical temperatures.
- Applied feature selection and hyperparameter tuning to enhance model accuracy and generalization.
- Conducted comparative analysis to identify the best-performing algorithm.

Certificates

IBM Data Science

Jan 2025 - Present

Coursera

Become a Data Scientist

Feb 2023 - March 2023

inlearning

Database Management System

Feb 2022 - March 2022

Great Learning

Data Structures and Algorithms (DSA) - Self placed

May 2024 - July 2024

Geeksforgeeks

Technical Skills

Languages: Python, Java, C++

Tools/Platforms: Excel, GitHub, Ubuntu

Libraries: NumPy, Pandas, Matplotlib, Scikit-learn

Skills: Problem-Solving, Team Player, Project Management, Adaptability

Education

Lovely Professional University Punjab

2022 – 2026

B.Tech Computer Science and Engineering CGPA: 7.0

Jalandhar, Punjab

Laxmi Memorial Public School Bhoti

2021 – 2022

12th with Science — Percentage: 70 %

Hamirpur, Himachal Pradesh

Laxmi Memorial Public School Bhoti

2019 – 2020

10th — Percentage: 75 %

Hamirpur, Himachal Pradesh
